PROJECT EXPERIENCE

CASA — Open Source Ruby On Rails Project

- Overhauled the frontend layout of several pages to utilize Bootstrap's Plainadmin, for a more intuitive interface.
- Implemented stakeholder-requested features for easier profile management through front and backend updates.
- Followed Test Driven Development (TDD) principles and practices when building and updating features across the stack, including writing unit tests, integration tests, and end-to-end tests using RSpec and Capybara.

WORK EXPERIENCE

Volunteer Contributor — Ruby For Good, Philadelphia, PA

December 2022 - Present

- Collaborate with the Ruby For Good volunteers to develop and implement bug fixes, new features, and improvements through pair programming sessions and code reviews.
- Participate in routine retrospectives and standups to better coordinate with fellow volunteers.
- Readily onboard new volunteers to further develop Ruby For Good's contributor community.

Assistant Pastry Chef — Pure Sweets, Philadelphia, PA

October 2019 - March 2023

- Quickly absorbed best practices for professional patisserie from production, cake decorating, to research and development
- Collaborate with managers and stakeholders to sustain and increase sales through new products and sales approaches
- Contributed towards 50% of sales from September 2020 through May 2022

EDUCATION

Flatiron School, Software Engineering Bootcamp — 2022

- Acquired proficiency in web development and object oriented programming through Ruby On Rails and React

New York University, B.A. in Music *magna cum laude* — 2017

- Focused on intersection between music and technology, specifically video games
